PICK-UP THE FACTS

There's no confusion when it comes to the commercial benefits of owning a new Isuzu D-Max.

It now comes with a smoother 2.2 litre turbo diesel engine and optional eight-speed automatic transmission. Delivering an increased torque of 400nm, that's more than enough firepower to carry a 1,205kg payload and pull 3.5 tonnes with ease.

Our new and improved pick-up also offers greater fuel efficiency and 4x4 capability, backed by a five year/125,000-mile warranty and roadside assistance.

Add the fact that the Isuzu D-Max is still classed as a commercial vehicle, and registered businesses can look forward to fully reclaimable VAT, together with a flat rate of just £360 for annual Road Tax.
