PROFESSIONALS

THE NEW 2.2 ISUZU D-MAX

RANGE BROCHURE

[ISUZU.CO.UK](https://www.isuzu.co.uk)

PERFORMANCE ENHANCED

The new 2.2 Isuzu D-Max moves everything up a gear. Enhanced capability, efficiency, styling and comfort, built on a solid reputation for engineering excellence.

It has the extra firepower you've been waiting for. A bigger turbo diesel engine makes light work of heavy lifting, with the strength and reliability to thrive in the most demanding environments.

Whether you need a tough workhorse that keeps going no matter what, or a 4x4 that improves your ride no matter where you go, this is the pick-up to outperform others.

3.5 Tonne Towing	1.0 Tonne Payload	Selectable 4x4 Off-Road Capability	2.2 Turbo Engine	400 Nm Torque	8 Speed Automatic Transmission	5 Year 125k Mile Warranty	5 Year UK & EU Roadside Assistance	12 Year Anti- Corrosion Warranty	VAT Back Qualified
------------------------	-------------------------	---	------------------------	---------------------	--------------------------------------	---------------------------------	---	---	--------------------------

WE PUT MORE IN. YOU GET MORE OUT.

A 2.2-litre turbo diesel engine (Euro 6 compliant) delivers 400 Nm of torque to carry over a tonne of payload and pull 3.5 tonnes with smooth, responsive acceleration.

Meeting the latest emissions standards, the Isuzu D-Max now also enjoys better fuel economy, and an eight-speed automatic transmission gives more choice to suit your driving style.

Models are equipped with Rough Terrain Mode (RTM), an electronic off-road traction control aid that maximises torque-transfer and driveability in technical, slippery, and rough conditions.

Dunlop low-rolling resistance tyres improve fuel efficiency further, as well as wet-surface grip. While a ground clearance of 210mm and 800mm wading depth enable you to tackle natural obstacles with ease.

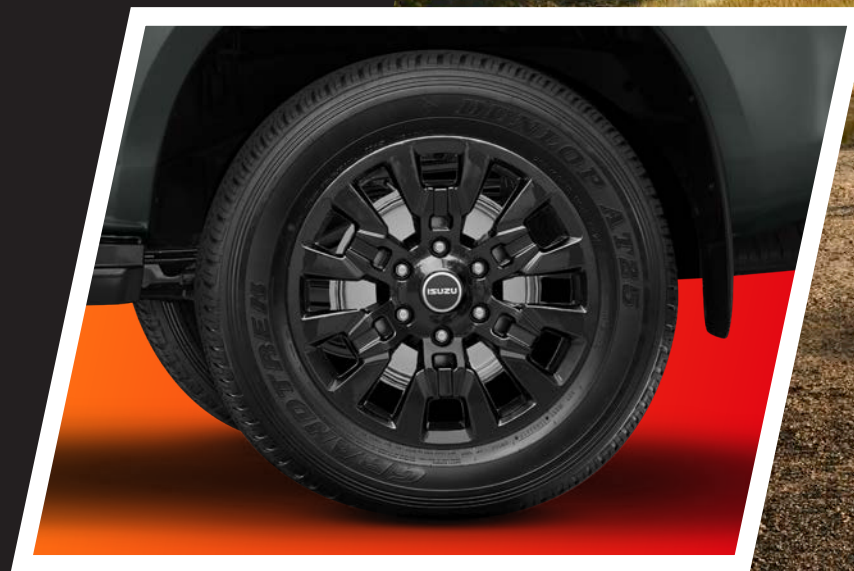

ENHANCED STYLING

Bold accents and sleek lines give the reinforced Isuzu D-Max credibility from every angle, together with exterior enhancements that are not just for show.

The redesigned front radiator grille is complemented by newly designed Bi-LED headlights and front fog lamp bezels. Upgraded alloy wheels are finished off with Dunlop 265/60R18 low-rolling resistance tyres. New surround view cameras optimise safety by deploying digital cameras on the front radiator grille, tailgate and wing mirrors.

Both the DL40 and V-Cross also feature new-style sidesteps, with an Urban Moss metallic paint option helping to distinguish the V-Cross even more.

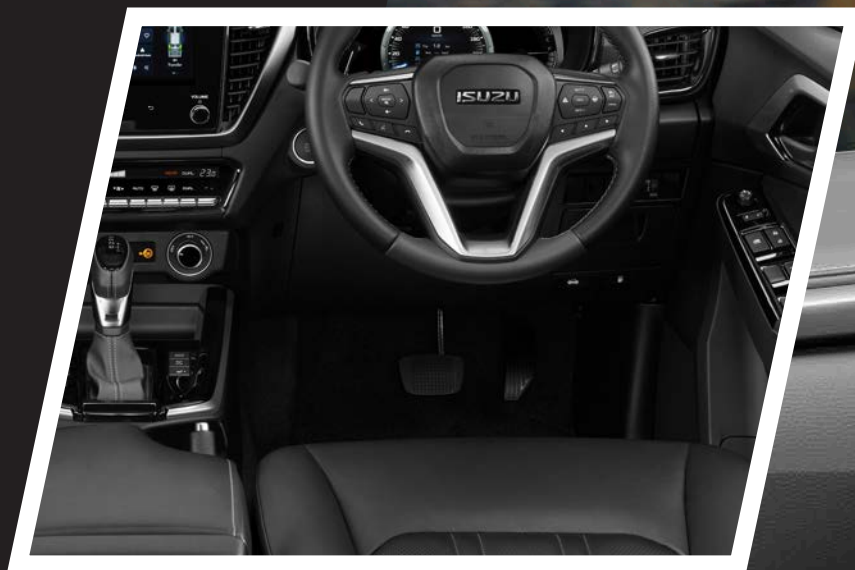

ENHANCED COMFORT

Inside the expansive cabin, you'll discover sophistication and convenience, with new high-grade cloth (DL20) and leather upholstery (DL40/V-Cross), as well as heated front seats and dual zone climate control for optimal comfort regardless of weather conditions.

Combined with a leather telescopic steering wheel and 8-way electrically adjustable driver's seat, the New Isuzu D-Max offers a tailored driving experience that enhances control and reduces fatigue.

Meanwhile, wireless Apple CarPlay™ & Android Auto™ from the multi-function colour touchscreen keep you well informed and high-quality speakers keep you fully entertained.

ENHANCED WORKHORSE

The Utility range is built to get things done without any hesitation.

THE NEW 2.2 ISUZU D-MAX

UTILITY4

SINGLE & EXTENDED CAB

EXTERIOR

- New Design Radiator Grille
- Automatic Windscreen Wipers with Rain Sensor
- Automatic Headlights with High Beam Assist
- Full Size Spare Wheel

INTERIOR

- Cloth Upholstery
- 6-Way Adjustable Driver's Seat (Manual)
- Driver's Seat Lumbar Support (Manual)
- Front Cup Holders
- Front Door Pockets with Bottle Holder
- Vinyl Floor Covering
- Driver's Foot Rest

ENTERTAINMENT

- 8" Multifunction Colour Touchscreen
- Wireless Apple CarPlay™ & Android Auto™
- Bluetooth® Connectivity
- DAB Radio
- Two Speakers
- Front USB C Port

COMFORT & CONVENIENCE

- 7" Multi-Information Display
- Height & Reach Adjustable Steering Wheel
- Steering Wheel Mounted Audio & Cruise Controls
- Manual Air Conditioning
- 12-Volt Power Outlet

SAFETY & SECURITY

- 4WD Shift-On-The-Fly*
- Speed-Sensitive Power Steering
- Tyre Pressure Monitoring System
- Reversing Camera
- Trailer Sway Control
- Hill Start Assist
- Hill Descent Control
- Rear Differential Lock*
- Rough Terrain Mode*
- Advanced Driver Assist Systems (ADAS) with Driver Monitoring System
- Stop & Start System**

*4x4 models. **According to conditions, the Stop & Start system will automatically stop and restart the engine when the vehicle comes to a standstill to reduce fuel consumption and emissions.

ENHANCED TOUGHNESS

The DL20 is packed with rugged efficiency for every job, big or small.

THE NEW 2.2 ISUZU D-MAX

DL20

DOUBLE CAB

^MPG figures are EU test figures for comparative purposes and may not reflect real driving results. There is a new WLTP test used for fuel consumption and CO₂ figures. The fuel consumption and CO₂ emissions shown are based on the WLTP testing method. Only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical standard. The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including accessories fitted (post-registration), variations in weather, driving styles and vehicle load etc.

^aMaximum payload capacity as defined by HM Revenue and Customs for VAT purposes. Payload is gross vehicle weight minus kerb weight. Kerb weights quoted are for vehicles with standard specification. Kerb weight and payload may be influenced by badge level, factory options and dealer fitted accessories. It is the responsibility of the vehicle operator to ensure their vehicle is legally compliant for road use.

WHEELS

UTILITY Single Cab

16" Steel Wheel
